CHARTERED ACCOUNTANT

## Auditor's Report

To the Directors of  
Medium II Publications

I have audited the statement of financial position of Medium II Publications as at April 30, 2008 and the statement of operations and net assets and statement of cash flows for the year then ended. These financial statements are the responsibility of the organization's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with Canadian generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, these financial statements present fairly, in all material respects, the financial position of the organization as at April 30, 2008 and the results of its operations and cash flows for the year then ended in accordance with Canadian generally accepted accounting principles.

## **Medium II Publications**

### **Notes to the Financial Statements**

April 30, 2008

---

#### **1. Nature of operations**

Medium II Publications was incorporated under the laws of Ontario without share capital to operate the student newspaper at the University of Toronto at Mississauga. It is a non-profit organization and exempt from income tax.

---

#### **2. Significant accounting policies**

##### **Accrual basis of accounting**

Revenues and expenditures are recorded on the accrual basis, whereby they are reflected in the accounts in the period in which they have been earned and incurred respectively, whether or not such transactions have been settled by the receipt or payment of money.

##### **Capital assets**

Rates and bases of depreciation applied to write off the cost of capital assets over their estimated useful lives are as follows:

Office furniture and equipment	20% diminishing balance basis
Computer equipment	30% and 55% diminishing balance basis
Software	100% diminishing balance basis

##### **Financial instruments**

The following policies and assumptions were used to determine the fair value of each class of financial assets and financial liabilities.

##### **Cash, receivables and payables and accruals**

These financial assets and liabilities are measured at their carrying amount since it is comparable to their fair value due to the approaching maturity of these financial instruments.

##### **Measurement uncertainty**

The preparation of the financial statements in conformity with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, revenues and expenditures and disclosure of contingent assets and liabilities. Significant areas requiring the use of significant judgement include rates and basis of depreciation of capital assets and the amounts included in receivables and payables and accruals. By their nature, these estimates are subject to measurement uncertainty and the effect on the financial statements of changes in such estimates in the future periods could be significant.

### Notes to the Financial Statements

April 30, 2008

---

#### 3. Capital assets

	<u>Cost</u>	<u>Accumulated Depreciation</u>	<u>2008 Net Book Value</u>	<u>2007 Net Book Value</u>
Office furniture and equipment	\$ 66,726	\$ 62,855	\$ 3,871	\$ 1,509
Computer equipment	19,138	11,731	7,407	2,618
Software	<u>1,915</u>	<u>957</u>	<u>958</u>	
	<u>\$ 87,779</u>	<u>\$ 75,543</u>	<u>\$ 12,236</u>	<u>\$ 4,127</u>

---

#### 4. Capital disclosures

The organization manages its capital to maintain its ability to continue as a going concern and to fulfil its role as a non-profit organization. The capital structure of the organization consists of net assets.

The organization is not subject to any externally imposed capital requirements and the overall strategy with respect to capital management remains unchanged from the year ended April 30, 2007.

---

#### 5. Financial instruments

##### Credit risk

The organization does not have a significant exposure to any individual customer or counterpart, due to the significant number of long term customers.
